ANNUAL MEETING OF ITS MEMBERS HELD LAST EVENING,

Present Officers and Board of Managers Re-elected for Another Year-Annual Report Submitted by the President,

The members of the Mechanics' Insti-

The members of the Mechanics' Institute held their annual meeting last evening at the clerk's office of the institution with President W. J. Whitehurst in the chair, while Captain Thomas Electrecorded. The attendance was quite large. The president submitted his annual report in regard to the work done by the institution during the year just closed.

MR. WHITEHURST'S REPORT.

In his report Mr. Whitehurst says:
"As required by our laws, I submit this, my annual report, which embraces the operations of the institute from July 14, 1896, to this date. Monthly meetings of the Board of Directors have been held regularly, at which much business has been transacted. It is with price that I report the prompt attendance on the meetings of the Board by its members, which not only evinces the great interest felt in the Institute, but at the same time gives strength and success to any institution.

"The Night School of Technology commenced its thirteenth session on the 1st day of October, 1886, and closed on the 20th day of April, 1897. Most of the classes were well filled at the beginning of the session, and I am pleased to say that all of the classes maintained a greater average during the whole session than in any previous year.

NUMBER OF STUDENTS.

"We matriculated during the session 23 students. An efficient corps of instruc-

NUMBER OF STUDENTS.

"We matriculated during the session 29 students. An efficient corps of instructors have been employed during the session, to whose faithful discharge of duties, directed by our active and energetic principal, Mr. C. P. E. Burgwyn, is largely due the success of the school for the past year. The students did exceident work during the past session, as evidenced by the very high standard attained by many in their examinations.

"We have occupied during the past year the upper Arlington building, containing thirteen rooms, at a rental of \$200 per annum, which we find entirely to contracted to properly accommodate our school. We have, however, taken steps to have the building properly repaired and to reduce our rent or find more suitable quarters elsewhere. The library is in good condition, and I regret to have to report that no new additions were made during the past year. The students have taken out and read a good many volumes during the past year.

were made during the past year. The students have taken out and read a good many volumes during the past session.

THE MEMBERSHIP.

"The membership now numbers five life, two honorary life and two hundred and sixty-eight annual members.

"In regard to our finances, I beg to refer to the report of our treasurer, which gives all of the accounts in a clear and detailed form, showing the balance on hand of each fund.

"I regret very much to have to report that the Council of the City of Richmond have only made an appropriation of \$6.5a for the year 1857, which we are now using with economy; this is a reduction of \$1.00 from the amount appropriated for the last four or five years, and how the reduction is to be met is a question for your Board of Directors to decide."

THE REPORT FILED.

The report was received and ordered to be placed on file. The same action was taken with reference to the report of Secretary Ellett, Treasurer Simons, and that of Mr. Mans S. Ourries, chairman of

SO THEY WERE MARRIED,

Miss Mattie McGhee, of Richmond, the Bride of Mr. Isaac Eason, of Norfolk, Mr. and Mrs. Benjamin McGhee, of 2802 Mr. and Mrs. Benjamin McGhee, of 2802 Q street, were seen last evening regarding the marriage Monday evening of their daughter, Miss Mattle E., to Mr. Isaac N. Eason, of Norfolk, the eeremony being reported to have taken place in Norfolk without the knowledge of the lady's pa-rents.

reported to have taken place in Norfolk without the knowledge of the lady's parents.

These latter said they knew no more about it than this, that they received a letter from their daughter on yesterday morning, saying that she was married and would be home to visit her parents this morning, and bring her husband, Mr. Eason, with her.

Mrs. McGhee seemed to be very well satisfied with the intelligence, and remarked that "It was just like Mattle, for she had often said she would not have anybody courting her for a year or more."

"She had known Mr. Eason only since last March." continued Mrs. McGhee, "but they were devoted to each other, and Mr. Eason would come to Richmond whenever he could spare the time from his duties.

"He is employed in the Norfolk and Western yards in Norfolk." she went on, "and is all right. None of us had any objection to him, nor would we have had to her marrying him."

Mrs. McGhee said that her daughter went to Norfolk two weeks ago to visit the mother of Mr. Eason, and she supposes that they thought it as good a time as any to be married, and so were married.

Mrs. McGhee, Mr. McGhee and the whole family seemed to be pleased, and are preparing to give Mr. and Mrs. Eason an old-fashioned, hearty and affectionate welcome home.

JURY FAHLED TO AGREE.

The Chesterded County Court was in session all day yesterday in the trial of J. A. Smith for feloniously cutting with a knife J. N. Cobie. This difficulty occurred at Swift Creek.

WATER COMMISSIONERS.

A regular meeting of the Water Commissioners was held in the office of the superintendent of the City Water Works last night. Those present were Captain John O'Brien in the chair and Messrs. C. S. Wells, George A. Carr, A. D. Shotwell and C. H. Sims.

The Commissioners ordered the payment of bills contracted for the benefit of the water works during the past month. They also granted a number of permissions to connect sewers and tap water mains and after the transaction of routine business they adjourned.

TOSSED BY A COW.

Master Floyd Bass, a son of Mrs. E. T. Bass, of upper Hull street, had a lively experience with a cow yesterday morning. The boy was in the barn assisting in milking the cows, when one of them became triftated at something and tossed the boy with her horns, over the head of another cow. Young Floyd escaped unsurt with the exception of a slight scratch but his clothes were very badly torn.
